**Airbus Operations S.L.**

17th November 2025

**To whom it may concern;**

As Head of Industrial Maintenance on Component Delivery Team (CDT) S19 A350/A320/A330/EFA Program until May 2022, I address the following letter of recommendation with respect to 1 Yearly Scholarship Mario Sánchez.

Mario has been working at Airbus Operations S.L., specifically in Industrial Maintenance at CDT A350/A320/A330/EFA at the Illescas plant, from February 2025 to February 2026.

Main activities supported during this period have been: technical support on shopfloor, autonomous maintenance process definition, daily interface with internal customer, monitor and control service suppliers and service KPIs, Data analytics to digitalization of failures.

Mario has shown a high degree of professionalism and enthusiasm on learning every day in the function, and he has been demonstrating being a really agile person on this continuous learning.

During this period he has demonstrated to the working team to be willing and capable of managing workloads and he has been showing technical and personal capabilities.

The kind of activities developed by Mario implies daily contact with other functions as Production and Quality Organizations, making evident having good level of communication skills.

On the other hand, it is noteworthy his solving problems and his taking decision capabilities for providing best solutions for the business.

All these mentioned skills and capabilities, including excellent conduct regarding to managers, colleagues and to everyone, together with working team spirit have made a valued and reliable person.

For all this mentioned above, as well as his passion for rightly performed work according to Airbus standards, I highly recommend Mario for his future professional opportunities.

I would greatly appreciate it if you take this application into consideration and please, don't hesitate to contact me for additional information.

Yours Sincerely,

María Martínez Gómez.
